

**Bonded Services Group Limited  
FTS (Freight Forwarders) Limited  
Bonded Services Limited  
(collectively known as “The Group”)**

**Environmental Policy Statement**

“The Group” acknowledges its legal responsibilities under Environmental Legislation and Codes of Practice, and are committed, so far as is reasonably practicable, to protecting the Environment. “The Group” will use policies and procedures that will ensure the conservation of natural resources whilst minimising any adverse environmental impact from our operations including, but not limited to, waste reduction, recycling and emissions.

We aim to review our environmental policies and procedures regularly to improve our performance and quality. All employees are made aware of this policy and their responsibilities for environmental issues. We are committed to becoming a truly sustainable business. This means having the ability to continue providing our customers with high quality products and services in ways that protect and enhance the environment.

Our principle environmental commitments are:

- to comply with all applicable legislation, codes of practice, regulatory controls and client or insurance requirements
- to use energy and natural resources efficiently and to reduce consumption where possible
- to minimise generation of waste and to dispose of unavoidable waste in a responsible manner
- to consider the environmental implications of changes to products, processes, materials and facilities when business decisions are made
- to continually seek to improve our environmental performance
- to reduce emissions to levels at which adverse impacts on the environment are avoided
- to conserve and protect the environment and, wherever possible, improve it through the services we provide
- to operate in a socially responsible manner
- to perform business electronically, to reduce paper usage
- to always seek to purchase products that are environmentally friendly, re-usable, and recyclable and that do not damage the environment
- to design, operate and maintain our equipment in order to meet our environmental objectives
- to implement new technology to improve working practices
- to provide appropriate resources for the implications of this policy

This policy is implemented through our environmental management systems and changes to this policy are driven by internal reviews, changing circumstances and the commitment to continual improvement. Providing appropriate staff awareness of this policy. This policy statement is on display at company premises and is made available to the public via our website.

The Managing Director responsible for the Environmental Policy.
